

New Believers Packet

Welcome to the Family!

If you are a new believer or it has been a long time since you have connected with God and are looking for a place to start, we understand and want to help. Being a new believer things are NEW and most likely unfamiliar, that's ok a relationship with Jesus is a life long process and journey and it takes time to learn and grow. The truth is when ever there is something new or unfamiliar it can become intimidating or scary, so here at FLOOD we want to share with you some resources that can help you grow closer in your new relationship with Jesus and walk this Journey with you.

What Next?

This a question that has to be asked for any new believer, so I prayed a prayer and accepted Jesus as my savior, I confessed that I believe that Jesus died for my sins and was raised again, that I am forgiven and through this relationship I can be restored with God and receive eternal salvation. True that's it. If you believe that prayer in your heart and make it your confession the Bible says you are saved. So where do you go from there? Most people are looking for an easy formula that they can apply into their lives that will restore and change everything. Yes God can restore and change your life but there's not a magic formula, it's a process that if a person is committed to being a part of they will see their life change and discover who they were created to be.

What is this Process?

This process can look different for different churches here at FLOOD we believe that these things can and will help you connect with God. Before we discuss this process I want to remind you that simple is ok and you don't have to have all the answers or everything figured out to follow Jesus.

- The first part of this process of growth is to come to church. That's right the first step is that easy, just start coming to church regularly and try to learn something new to apply to your life.
- The next thing is to read your Bible everyday. A great place to start as a new believer would be the Gospels (Matthew, Mark, Luke, John)
- The third part is to be praying to God. Prayer is a conversation with God; talk to Him, ask Him questions. When we pray God listens.
- Finally repeat the first three parts over and over. You will begin to see a difference in your life because God wants to build you up.

Get Connected

We would like to inform you about some different ministries and contacts that can help you get connected and grow in your new relationship with Jesus. Please feel free to attend any ministry that is relevant to you but do not feel like you have to commit to all of them.

Sunday Morning
